

寶血女子中學 及 「學校起動」計劃

Precious Blood Secondary School x Project *WeCan*

十年碩果鴻文彙集文章

On behalf of our teachers and students at Precious Blood Secondary School, I would like to extend our heartfelt gratitude to the leading team of Project *WeCan*, CBRE and the Social Welfare Department for this powerful and meaningful sponsorship. It helps organize different kinds of creative activities, useful and reflective talks, authentic workshops and well-structured language enhancement programmes.

With your financial and network support, all the tailor-made events turned into huge successes in the aspects of career planning, professional development and learning as well as the whole person development. All the workshops or activities are enriched with a variety of commercial elements such as knowledge of accounting, the strategic planning of managing a café, practical interview workshops along with some valuable opportunities for company visits, internship and sharing. It definitely broadens the horizons and widens the visions of our girls about the commercial world before devoting themselves to the career world.

Moreover, it is grateful for you to subsidize us to set up a Café+ in which students are able to interact at the most ideal and unique place for participating in activities, meeting with teachers for counselling, playing music for mediation and studying in an inviting environment. We believe that those financial support and the contribution of manpower wholeheartedly develop both teenagers' potentials and professional skills or knowledge of teachers.

Had it not been for the generous support of Project *WeCan*, these meaningful events would not have been possible with such a huge success. Last but not least, we would like to show our sincere thanks to this long-lasting project. We are definitely sure your contributions are invaluable to the young generation. Wishing all our friends in Project *WeCan* a prosperous and thriving endeavor in the coming future.

港式奶茶及飲品調製班 (Workshop on non-alcoholic drinks and milk tea making)

中文口語及溝通技巧訓練課程 (Enhancement programme for communication skills)

平面設計 (Classes of graphic design)

拉花基礎興趣班 (Workshop on Latte Art)
